John 13:35

Read this Message:

Even when Joseph's life was a mess, he still cared about others. Joseph was wrongly thrown into prison, but still noticed when others around him were hurting and helped them. He noticed. He helped. Jesus sets the best example in this. He noticed the deepest needs that we have and saved us from sin so that we could have a place in God's Family. We should help others too, because Jesus helped us!
